## SPONSORSHIP APPLICATION

Australians Caring for children (ACC) is a voluntary, non-profit, non-political, non-sectarian association formed in 1987, whose main objective is the provision of aid to orphaned and abandoned children in countries outside Australia. All ACC's work is carried out by volunteers who receive no remuneration for the work that they do.

Australians Caring for Children administers a number of sponsorship programs which offer orphanages a regular and reliable income upon which they can budget. This money is expressly for the direct benefit of the children by providing better nutrition, access to education and health care. We assure you that **every dollar collected from our sponsors is received by the orphanages** without any deductions. All administrative costs are covered by ACC's general funds. As a sponsor you will receive regular updates from the home/s that you support.

To sponsor a child or children, please complete this application and return it to ACC at the above address *with your first payment*.

*“Small change for us, big change for the children”*

Surname:				First Name:		
Postal address:
